

The Iron and Steel Industry is a Key Part of the United States Economy

The iron and steel industry directly employs **386,753 workers** who earn **\$33.55 billion in wages and salaries** annually, an average of **\$86,736 per year**, while generating **\$206.65 billion** in output.

The United States is also home to firms supplying the iron and steel industry as well as benefitting from the re-spending of income earned by the industry and its suppliers.

Considering supplier and induced impacts in addition to direct impacts, the economic engine of iron and steel is responsible for **1.98 million jobs** across the nation, paying a total of **\$131.26 billion in wages and salaries** annually, while generating **\$522.59 billion** in industry output and **\$55.86 billion** in federal, state, and local taxes.

	Jobs	Wages	Industry Output
Direct Impact			
Materials / Mill Services	75,606	\$5,791,881,500	\$25,982,986,900
Iron and Steelmaking / Steel Mill Products	140,877	\$13,765,596,100	\$115,074,150,700
Other Steel Products / Processing / Distribution	170,270	\$13,987,958,700	\$65,591,246,400
Total Direct Impact	386,753	\$33,545,436,300	\$206,648,384,000
Total Supplier Impact	715,510	\$52,694,054,800	\$172,914,724,100
Total Induced Impact	877,743	\$45,016,028,500	\$143,029,447,900
Total Economic Impact	1,980,006	\$131,255,519,600	\$522,592,556,000
	Federal Taxes	State and Local Taxes	Total Taxes
Business Taxes	\$33,125,794,600	\$22,738,282,400	\$55,864,077,000

AISI serves as the voice of the American steel industry in the public policy arena and advances the case for steel in the marketplace as the preferred material of choice. AISI also plays a lead role in the development and application of new steels and steelmaking technology.

AISI's membership is comprised of integrated and electric arc furnace steelmakers, and associate members who are suppliers to or customers of the steel industry.

The steel industry directly employs nearly 387,000 people in the United States, and it directly or indirectly supports nearly two million jobs.

For more news about steel and its applications, view AISI's website at www.steel.org. Follow AISI on Facebook or Twitter (@AISISteel).
